## Reuse Recipe with the Same Flow

The easiest way to reuse a recipe is to change its inputs in Flow View.

### Steps:

1. Open the flow containing the recipe.
2. Select the recipe that you'd like to reuse.
3. From the recipe's context menu, select **Change input....** Select the object to be the input to the recipe.

## Reuse Copy of Recipe in the Same Flow

You can also create copies of recipes within the same flow.

### Steps:

1. In Flow View, select the recipe to copy.
2. From the recipe context menu, select **Make a copy > Without inputs.**
3. The recipe is copied and added to your flow.
4. To apply the recipe to a dataset, select from the new recipe's context menu, **Change input....**

## Reuse Recipe with a New Flow

You can reuse a recipe by creating a copy of the flow that contains it and then replacing the recipes inputs with different sources.

### Steps:

1. In the left nav bar, select the Flows icon.
2. In the Flows page, locate the flow that you wish to copy. In its context menu, select **Duplicate.**
3. Provide a new name and description for the flow. Click **Ok.**
4. Open the newly copied flow. Select the recipe that you'd like to reuse.
5. From the recipe's context menu, select **Change input....** Select the object to be the input to the recipe.
6. Delete any unneeded objects in the copied flow.

## Download Recipe

You can download a recipe in text form in the following ways:

**NOTE:** A downloaded recipe is in a text form of Wrangle (a domain-specific language for data transformation). In this form, it cannot be used in the application. Downloaded recipes are for archival purposes only.

- In Flow View, select the recipe to download. From the context menu, select **Download recipe....** See *Flow View Page*.
- In the Recipe panel in the Transformer page, click the context menu, and select **Download recipe as Wrangle.** See *Recipe Panel*.
