

UPPER Function

All alphabetical characters in the input value are converted to uppercase in the output value. Input can be a column reference or a string literal.

Basic Usage

Column reference example:

```
derive type:single value:UPPER(MyName)
```

Output: All of the string values in the `MyName` column value are written to the new column in UPPER.

String literal example:

```
derive type:single value:UPPER('Hello, World')
```

Output: The string `HELLO, WORLD` is written to the new column.

Syntax and Arguments

```
derive type:single value:UPPER(column_string)
```

Argument	Required?	Data Type	Description
column_string	Y	string	Name of the column or string literal to be applied to the function

For more information on syntax standards, see *Language Documentation Syntax Notes*.

column_string

Name of the column or string constant to be converted.

- Missing string or column values generate missing string results.
- String constants must be quoted ('Hello, World').
- Multiple columns and wildcards are not supported.

Usage Notes:

Required?	Data Type	Example Value
Yes	String literal or column reference	myColumn

Examples

Tip: For additional examples, see *Common Tasks*.

Example - uppercase, lowercase, propercase functions

Source:

In the following example, you can see a number of input values in the leftmost column. The output columns are blank.

input	uppercase	lowercase	propercase
AbCdEfGh IjKlMnO			
go West, young man!			
Oh, *(\$%(&! That HURT!			
A11 w0rk and n0 0play makes Jack a dull boy.			

Transform:

To generate uppercase, lowercase, and propercase values in the output columns, use the following transforms:

```
set col:uppercase value:UPPER(input)
```

```
set col:lowercase value:LOWER(input)
```

```
set col:propercase value:PROPER(input)
```

Results:

input	uppercase	lowercase	propercase
AbCdEfGh IjKlMnO	ABCDEFGH IJKLMNO	abcdefgh ijklmno	Abcdefgh Ijklmno
go West, young man!	"GO WEST, YOUNG MAN!"	"go west, young man!"	"go West, Young Man!"
Oh, *(\$%(&! That HURT!	"OH, *(\$%(&! THAT HURT!"	"oh, *(\$%(&! that hurt!"	"oh, *(\$%(&! That Hurt!"
A11 w0rk and n0 0play makes Jack a dull boy.	A11 W0RK AND N0 0PLAY MAKES JACK A DULL BOY.	a11 w0rk and n0 0play makes jack a dull boy.	A11 W0rk And N0 0play Makes Jack A Dull Boy.
