  "ssoPrincipal": null,
  "hadoopPrincipal": null,
  "cpPrincipal": null,
  "lastLoginTime": null,
  "awsConfig": null
}
```

Reference

Request properties:

Property	Description
accept	This property must be set to <code>accept</code> to create the user.
password2	This value confirms the value for <code>password</code> . These two property values must be identical.

For more information on the properties of a user, see *API People Get v3*.
