

Email Notifications Page

Contents:

- *Receive emails about job activity*
- *Receive emails about plan runs*
- *Receive emails when a flow or plan is shared with you*
- *Delivery address*
- *Timezone*

Feature Availability: This feature is available in the following editions:

- Dataprep Enterprise Edition by Trifacta®
- Dataprep Professional Edition by Trifacta
- Dataprep Starter Edition by Trifacta
- Dataprep Premium by Trifacta

You can configure the notifications that are sent to your email address based on job success or failure. Notifications can be sent for jobs executed from flows where you are the owner or a collaborator.

Tip: If visual profiling has been enabled, a PDF version of the profile of the job results is included as an attachment to the email.

Receive emails about job activity

When enabled, you can receive email notifications about job activity. You can receive emails from:

- flows where you are an owner or collaborator
- flows where someone has added you as a watcher

Email notifications are configured on a per-flow basis. For more information, see *Manage Flow Notifications Dialog*.

Receive emails about plan runs

When enabled, you can receive email notifications about plan runs if you are an owner or collaborator.

Email notifications are configured on a per-plan basis. For more information, see *Manage Plan Notifications Dialog*.

Receive emails when a flow or plan is shared with you

When enabled, you automatically receive notifications to your registered email address when a flow or plan is shared with you.

NOTE: Plans may not be available in your product edition. For more information, see *Product Editions*.

Delivery address

If needed, you can send notification emails to a different email address.

Uses:

- Your login email address cannot receive email.
- You wish to deliver email to an alias within your enterprise.
- You wish to deliver your email to a third-party application, such as Slack.

Timezone

Select the timezone in which email dates are displayed.
