

Install Configuration

After the Trifacta® platform has been installed, you must complete the configuration steps listed here before starting the platform. Please complete the steps that apply to your deployment of the Trifacta node.

If you are using a PDF version of this content, please complete the following configuration with the Configuration Guide PDF reference available.

Configuration Interfaces

To review the interfaces for configuration that are available through the Trifacta application, please complete the following steps.

Steps:

1. Login to the application. See *Login*.
2. The primary configuration interface is the Admin Settings page. From the left menu, select **User menu > Admin console > Admin settings**. For more information, see *Admin Settings Page* in the Admin Guide.

NOTE: In the Admin Settings page, you should do the following configuration steps:

- a. Configure password criteria. See *Configure Password Criteria* in the Admin Guide.
- b. Change the Admin password. See *Change Admin Password* in the Configuration Guide.

3. Workspace-level configuration can also be applied. From the left menu, select **User menu > Admin console > Workspace settings**. For more information, see *Workspace Settings Page* in the Admin Guide.

Containerized Installs

This section does not apply if you are using a containerized version of the software. Containerized versions:

- *Install for Docker*
