

Trifacta Documentation

Initiatives title

Trifacta Documentation

Don't have a Trifacta account? Get started with a *free trial!*

Initiative 1

Getting Started

If you've got an account or need a free trial, you can start your journey here.

Initiative 1

Clean and Enhance

Identify and fix anomalies. Add or filter data. Analyze as needed.

Initiative 1

Share & Collaborate

Share your flows with teammates and invite them to collaborate.

Initiative 1

Intro to Data Wrangling

Get to know the revolutionary capabilities of Trifacta® and how they can accelerate your data pipelines.

Initiative 1

Combine Datasets

Join, union, or lookup datasets into yours.

Initiative 1

Admin

Configure your project or workspace and manage users, authentication, and more.

Initiative 1

Connect & Import

Connect to your files or tables or access Trifacta example datasets.

Initiative 1

Generate, Automate & Orchestrate

Run your jobs or schedule them to run later. Build plans to sequence execution across multiple flows.

Initiative 1

Developer

Integrate Trifacta with your existing data engineering pipelines.
