

Preferences Page

Contents:

- *User Preferences*
 - *Profile*
 - *Account*
 - *Email notifications*
 - *Sessions*
 - *Storage*
 - *Referrals*
-

From the Preferences page, you can manage aspects of your user account and other settings. Select **Help menu > Preferences**.

User Preferences

Profile

Review and manage your user profile. For more information, see *User Profile Page*.

Account

Change your password and set your locale among other preferences. See *Account Settings Page*.

Email notifications

Configure your personal preferences on receiving email notifications about activities in the product.

For more information, see *Email Notifications Page*.

Sessions

Review the list of devices that have logged into your account. You can revoke any unrecognized and unauthorized sessions. For more information, see *Sessions Page*.

Storage

Review and modify the locations where you store data.

See *Storage Config Page*.

Referrals

Refer your friends and earn rewards! Review your referral rewards for referring your friends and colleagues to Trifecta®. See *Referrals Page*.
