

Email Notifications Page

Contents:

- *Receive emails about flow jobs*
- *Receive emails about plan runs*
- *Receive emails when a flow or plan is shared with you*
- *Delivery address*
- *Timezone*

Feature Availability: This feature may not be available in all product editions. For more information on available features, see *Compare Editions*.

You can configure the notifications that are sent to your email address and other related settings.

Notifications can be sent for jobs or plans where you are the owner or a collaborator.

NOTE: Email notifications may need to be enabled in your environment. For more information, see *Dataprep Project Settings Page*.

Tip: If visual profiling has been enabled, a PDF version of the profile of the job results is included as an attachment to the email.

Receive emails about flow jobs

When enabled, you can receive email notifications about job activity. You can receive emails from:

- flows where you are an owner or collaborator
- flows where someone has added you as a watcher

Tip: The email provides a summary of Data Quality rules (rules that were run and the success and failures of those rules) and the profile details (valid, mismatched, and missing) when a job is completed successfully.

Email notifications are configured on a per-flow basis. For more information, see *Manage Flow Notifications Dialog*.

Receive emails about plan runs

When enabled, you can receive email notifications about plan runs if you are an owner or collaborator.

Email notifications are configured on a per-plan basis. For more information, see *Manage Plan Notifications Dialog*.

Receive emails when a flow or plan is shared with you

Feature Availability: This feature may not be available in all product editions. For more information on available features, see *Compare Editions*.

When enabled, you automatically receive notifications to your registered email address when a flow or plan is shared with you.

Delivery address

If needed, you can send notification emails to a different email address.

Uses:

- Your login email address cannot receive email.
- You wish to deliver email to an alias within your enterprise.
- You wish to deliver your email to a third-party application, such as Slack.
